Rice Bowl—Overcoming Disaster In Bangladesh, cyclones and other natural disasters are increasing—destroying farm, homes and more—making it difficult for people like Noornobi to earn a living and support their families. But Noornobi has learned new techniques to protect his land and income, enabling his niece and nephew to go to school. How can you care for creations to help the planet and our global family? Rice bowls are on the tables at each entrance. Visit crsricebowl.org to learn more.
